What is an Individualized Program Plan (IPP)? How can gifted students and schools benefit? This informal session provides basic information about IPPs.

They are tools used to help support and focus children's learning in the school year.

EABC members will share what worked for their families and share correspondence regarding IPPs.

Dr. Debbi Andrews, developmental pediatrician at the Glenrose Hospital and executive member of EABC, will be in attendance.

The Edmonton Association for Bright Children (EABC) is the Edmonton chapter of the Alberta Associations for Bright Children (AABC). EABC is a volunteer organization of families that provides activities, resources and support for bright children and their families. Membership is open to all.
